

Decorative Awnings

Decorative Awnings can greatly enhance the appearance of any home with very minimal storm protection.

Aluminum awnings have been the major choice of homeowners. They protect against sun, wind, and hurricanes, while providing energy-saving shade to cool the home.

Fully adjustable to suit your particular needs, the aluminum awning adds a special decorator touch to your home, they protect your valuables by blocking out damaging infrared sun rays that can cause furniture damage, and carpet and drape fading.
